You need to enter your buzzword on this page. If you do not know the buzzword, your tutor or careers adviser will give this to you. You will only need to enter your buzzword at this stage and then it will no longer be needed.

(Buzzwords are case sensitive and should be entered exactly as supplied.)

Buzzword*

BCIE2020

Your buzzword should have been given to you by your tutor or careers adviser. This is very important, as it helps us establish which organisation you're applying from. It also enables your referee to attach your reference and send your application to us once all parts are complete. By entering your buzzword, you give your permission for your school, college, careers centre, or other organisation to access and view the progress of your application.

If you wish to withdraw your request to link to a centre, so you can add a reference from a different source, or if you no longer want them to see the progress of your application, please call our Customer Experience Centre on 0371 468 0 468.

Welcome > Important reminders

Important reminders

Please check the following carefully before you pay and send your application to us:

Course fees

Going to university or college is one of the biggest investments you can make. Have you checked how much it is going to cost you?

You can find out about [student finance](#) and course fee information in the [UCAS search tool](#) for the courses you are applying for.

Choices

Check your choices. Have you checked the course specific entry requirements and minimum entry criteria in the UCAS search tool?

Within seven days of the date on your welcome email you can swap the choice in Track. After seven days, and up to 14 days, [call us](#) to swap the choice for you. Remember universities and colleges will already have your application and it is much better practice to submit a correct application from the start.

Qualifications and education history

Don't forget that **all** subjects for which you have received a result must be entered, including those you have failed. Similarly, if you are waiting to take the final examinations or you are waiting for the final results, they still need to be entered. It is also important that you declare your full education history, including the most recent school, college or university you have attended or are currently attending. **Failure to declare this information could result in your application being cancelled.**
