YOUR LOCAL UNIVERSITY

All our campuses are close to key transport routes, major train stations or bus routes, so whether you're living at home, or in a brand new city, you can get to campus easily. Many of our students already live close to their campus with their families and commute to study their course.

We have campuses in Birmingham, Bristol, Guildford, GISMA Berlin, Hong Kong, Leeds, Manchester, Nottingham, and two locations in London – Bloomsbury and Moorgate*, meaning there are campus options all over the country to suit any situation.

At all our campuses we encourage students to get to know one another so no one feels left out by where they choose to live, whether that be next to the campus in a city centre flat, outside of the city in a shared house or back at home.

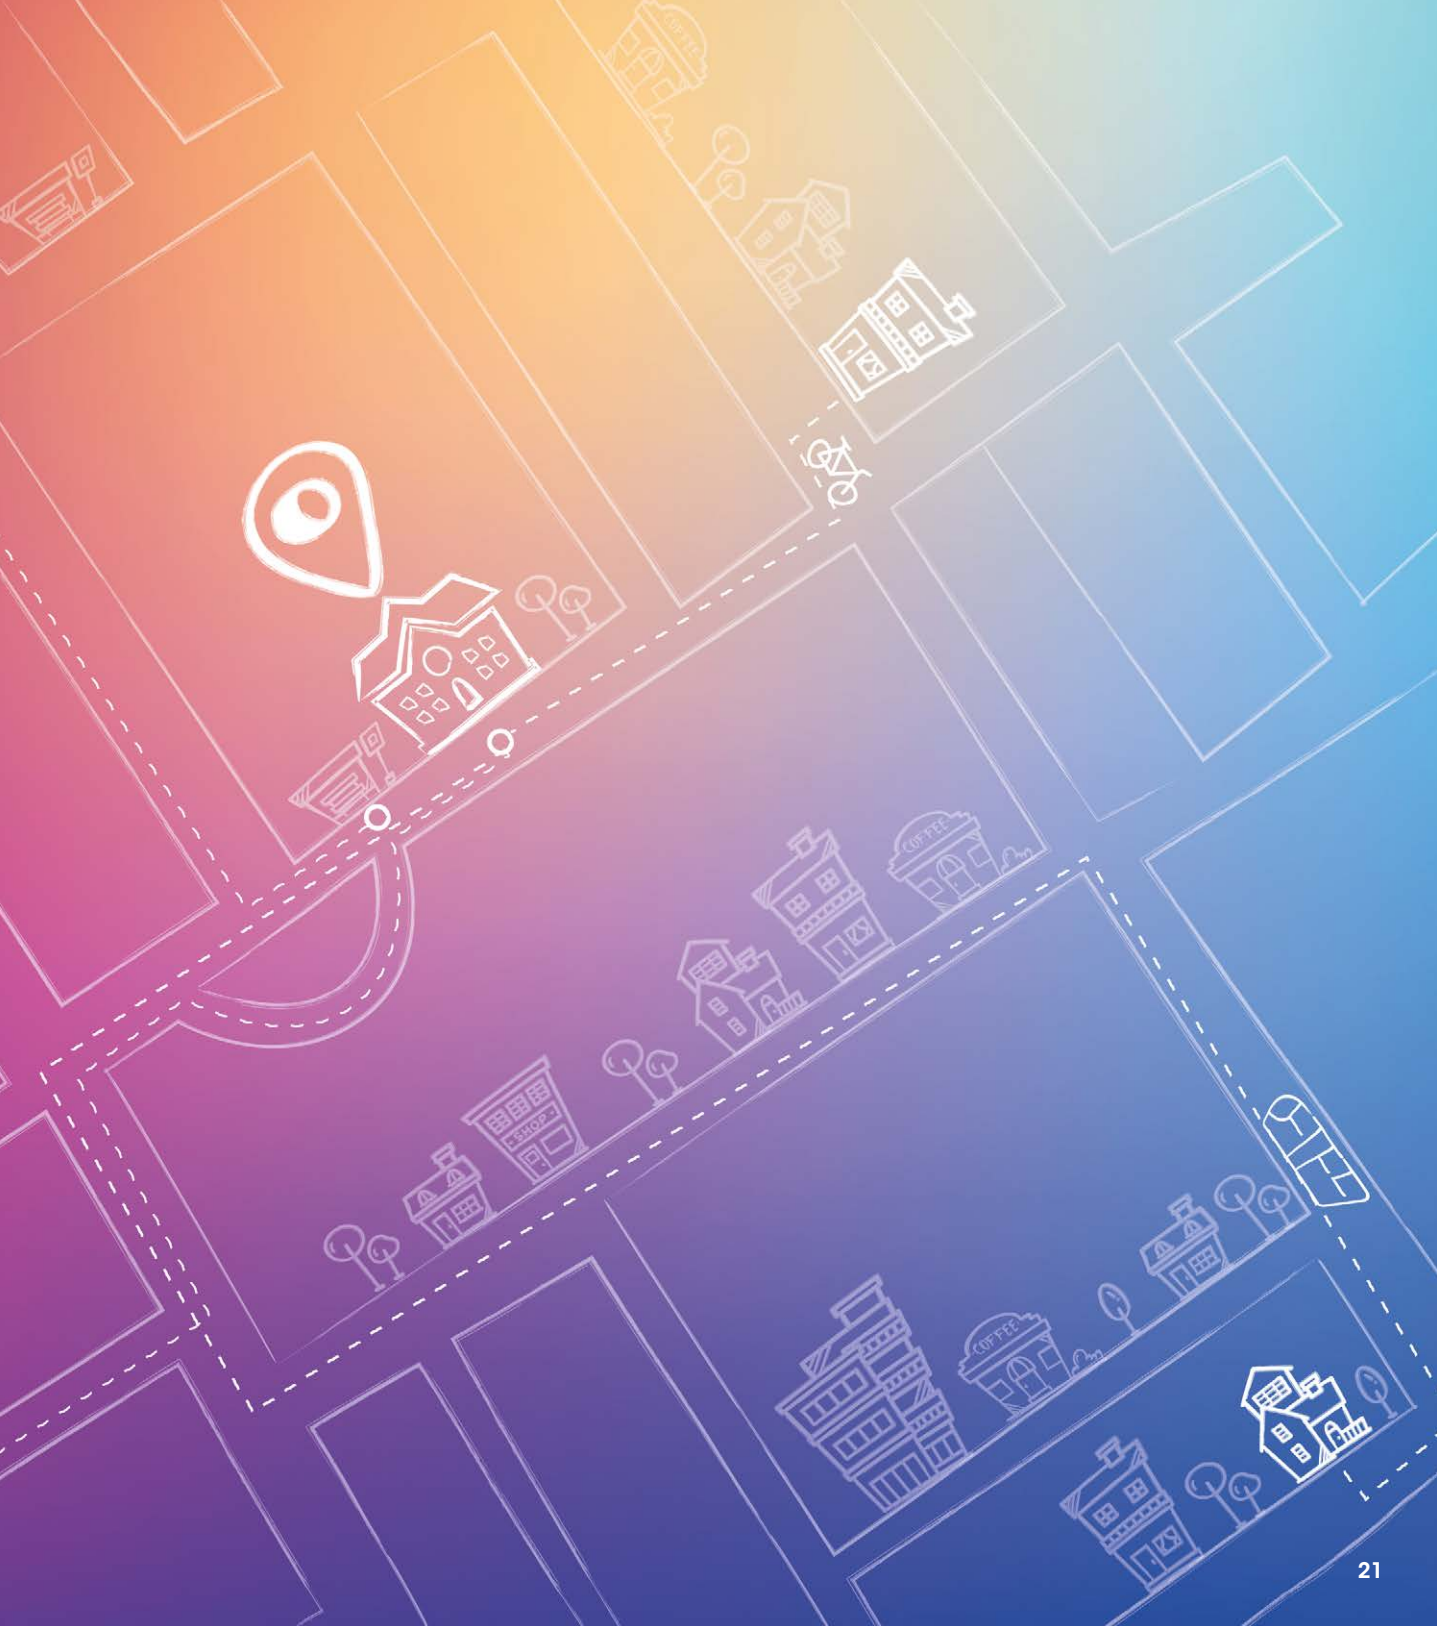

Our face-to-face model makes this the easiest: every student will have workshops timetabled into their schedule every week. The groups are small, which makes it easier to get to know those around you. All of our course materials can be accessed online which makes learning on the go easier than ever.

Campuses also hold regular social events and these can be a great way of socialising with your peers and integrating as a group.

To learn more about commuting to one of our campuses, check out our locations page: **law.ac.uk/locations**

The University is proud of its LGBTQIA+ community and supports both students and staff who identify as so. We believe in creating a safe space for all. We regularly try to help make the legal industry more inclusive by holding events and panel discussions with prominent LGBTQIA+ individuals in the legal world to inspire and educate on LGBTQ+ issues in business, law, policing and politics. Our Bristol Campus even sponsored Bristol Pride in 2020, and our student association LGBTQIA+ officers are always on hand to support others.

SCHOLARSHIPS AND BURSARIES

SCHOLARSHIPS AND BURSARIES

Our range of scholarships and bursaries are designed to assist students with the costs associated with studying at Higher Education level. Our scholarships and bursaries are awarded based on certain eligibility criteria. Each award considers aspects such as your academic profile, widening participation characteristics, and your performance on our online scholarship assessment. The awards with specific widening participation criteria are to ensure awards go to students whose backgrounds are under-represented in Higher Education. To apply for one of these awards, you will need to have received an offer for one of our courses. Further information is available on our website.

Please be aware that each year the number of scholarship applications received by the University vastly exceeds the number of awards available.

Our advice therefore is to always plan where possible to ensure that you can meet the costs associated with your course without the need for an award. You can find more information about funding sources at the appropriate undergraduate or postgraduate fees and funding pages.

FEES

Tuition Fee Loans from the Student Loans Company (SLC) can help pay for the costs of your course, along with living costs while you study. You can apply online at: gov.uk/apply-for-student-finance
