

Your au pair experience

What is an au pair?

An au pair is a cultural exchange participant between the ages of 18 and 26 who lives with an American host family and cares for their children. In exchange, they receive free room and board, a weekly stipend, and opportunities to travel and study in the USA.

The term "au pair" means "on par" in French, which reflects the kind of relationship an au pair has with their host family: one that is equal and mutually enriching. If you love children and want to take at least a year off to grow personally and professionally, the au pair programme could be the perfect next step for you.

What does an au pair do?

Here are some common responsibilities of an au pair:

Meal Preparation

Morning Routine

Help the children get dressed and ready for the day

Transportation

Help get the kids to school and other activities

Playtime
